Trusted Technology, Tailored Solutions

Buyer Portal

A Branded EU-compliant buyer profile that promotes procurement-related information with automated publication of all contract notices and awards. This includes an alert system set up for your supplier base.

Tender Manager

An easy-to-use, secure EU-compliant tender management tool covering all stages of the tendering process, from notice creation to award of contract, including EOIs, RFIs, PQQs, secure exchange of ITT documents and evaluation.

Supplier Manager

A ready-made supplier community that engages, identifies, assesses and qualifies suppliers through online supply chain management activities.

Contract Register

A central repository for managing and monitoring performance, key activities, reporting of contracts, call-off from framework agreements and spend analysis.

Contract Change Control

Value-tracking of all contracts within an organisation's Contract Register. This helps buyers comply with PCR 2015 'Life-Cycle Costing' by giving them full control over the cost and time implications of their contracts.

Quick Call

An addition to the web-based, modular e-Sourcing service. Buyers can easily issue a Quick Call from an existing framework or request a quote from selected suppliers in a Contract List.

Workspace Manager

Bringing specific projects and collaborations together to more easily manage collaborative procurement.

e-Auctions

A reverse auction tool compliant with EU Regulations that can be used as a stand-alone service or as an extension of your tender exercise.
